WHAT IS OUR ROLE?

- Develop project definition
- Gather & document background information
- Gather & document initial community & stakeholder input
- Review progressive design builder team proposal and design progress
- Develop environmental impact statement

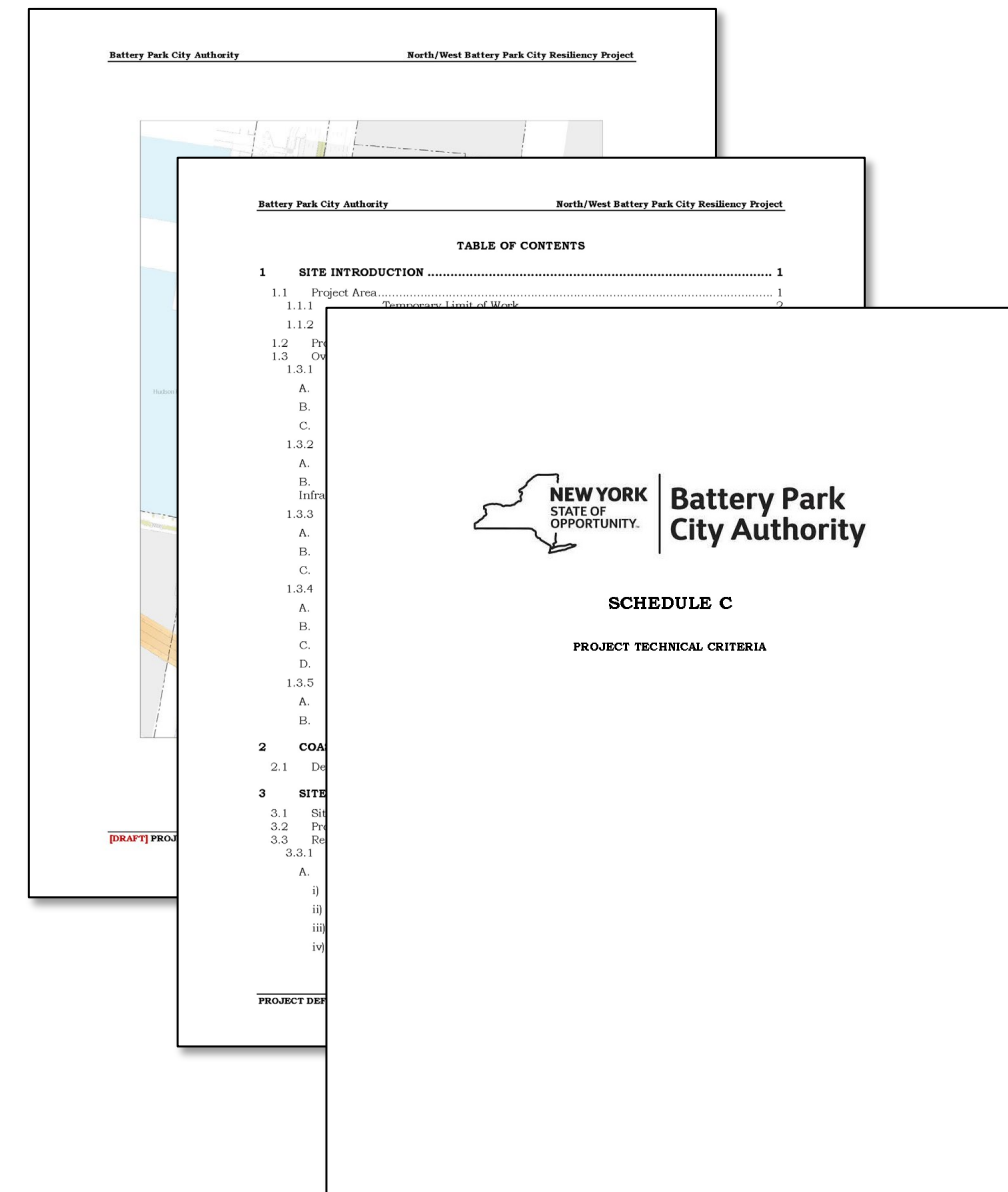

PROJECT MILESTONES

- **Site Investigations**
 - Land surveying completed October 2021
 - Geotechnical and utility survey underway
- **Procurement milestones**
 - Request for qualifications closed in November 2021
 - Responses currently under review
 - Shortlist of progressive design build contractors anticipated in December 2021

PROJECT MILESTONES

- **Project Definition**
 - Project definition draft in development
 - Community and stakeholder input to be incorporated in document
- **Environmental Review**
 - Draft environmental assessment form in development
- **Inter-Agency Coordination**
 - Initial multi-agency meetings held in December 2021
 - Individual meetings with city and state agencies to follow

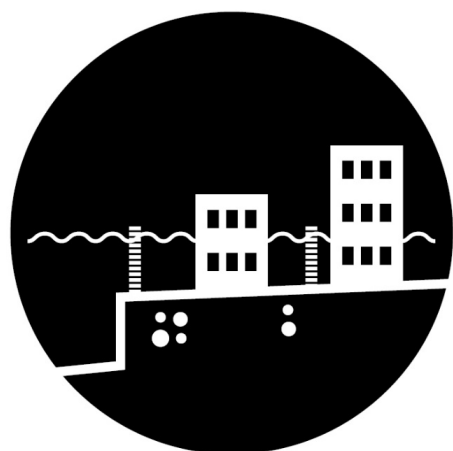

WHAT IS A PROJECT DEFINITION?

- The project definition guides the design and development of the project
- The document will include:
 - What is included in the project
 - Goals and objectives of the project
 - What is expected from the progressive design build team

PROJECT DEFINITION OVERARCHING GOALS

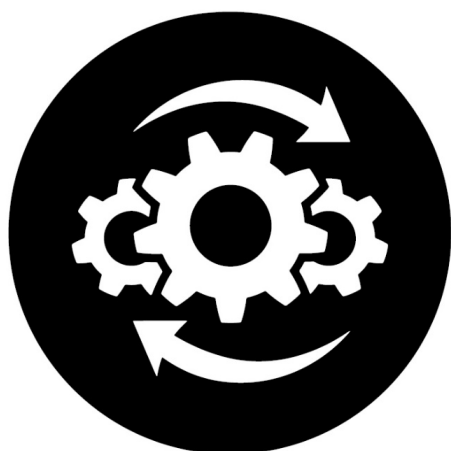

**FLOOD
RISK REDUCTION**

CONSTRUCTABILITY

PUBLIC REALM

**OPERATIONS &
MAINTENANCE**

SCHEDULE

COMMITMENT TO COMMUNITY ENGAGEMENT

- August 2021:
Community Meeting #1
- October/November 2021:
Three WalkShops
- December 2021:
Community Meeting #2

COMMUNITY INPUT IN PROJECT DEFINITION

- Your input will help guide the project definition
- What questions do we have?
 - How do you currently use the parks and open spaces in Battery Park City?
 - What existing challenges or issues do you see that may be addressed as part of this project?
 - What other amenities would you like to see added to parks and open spaces in Battery Park City?

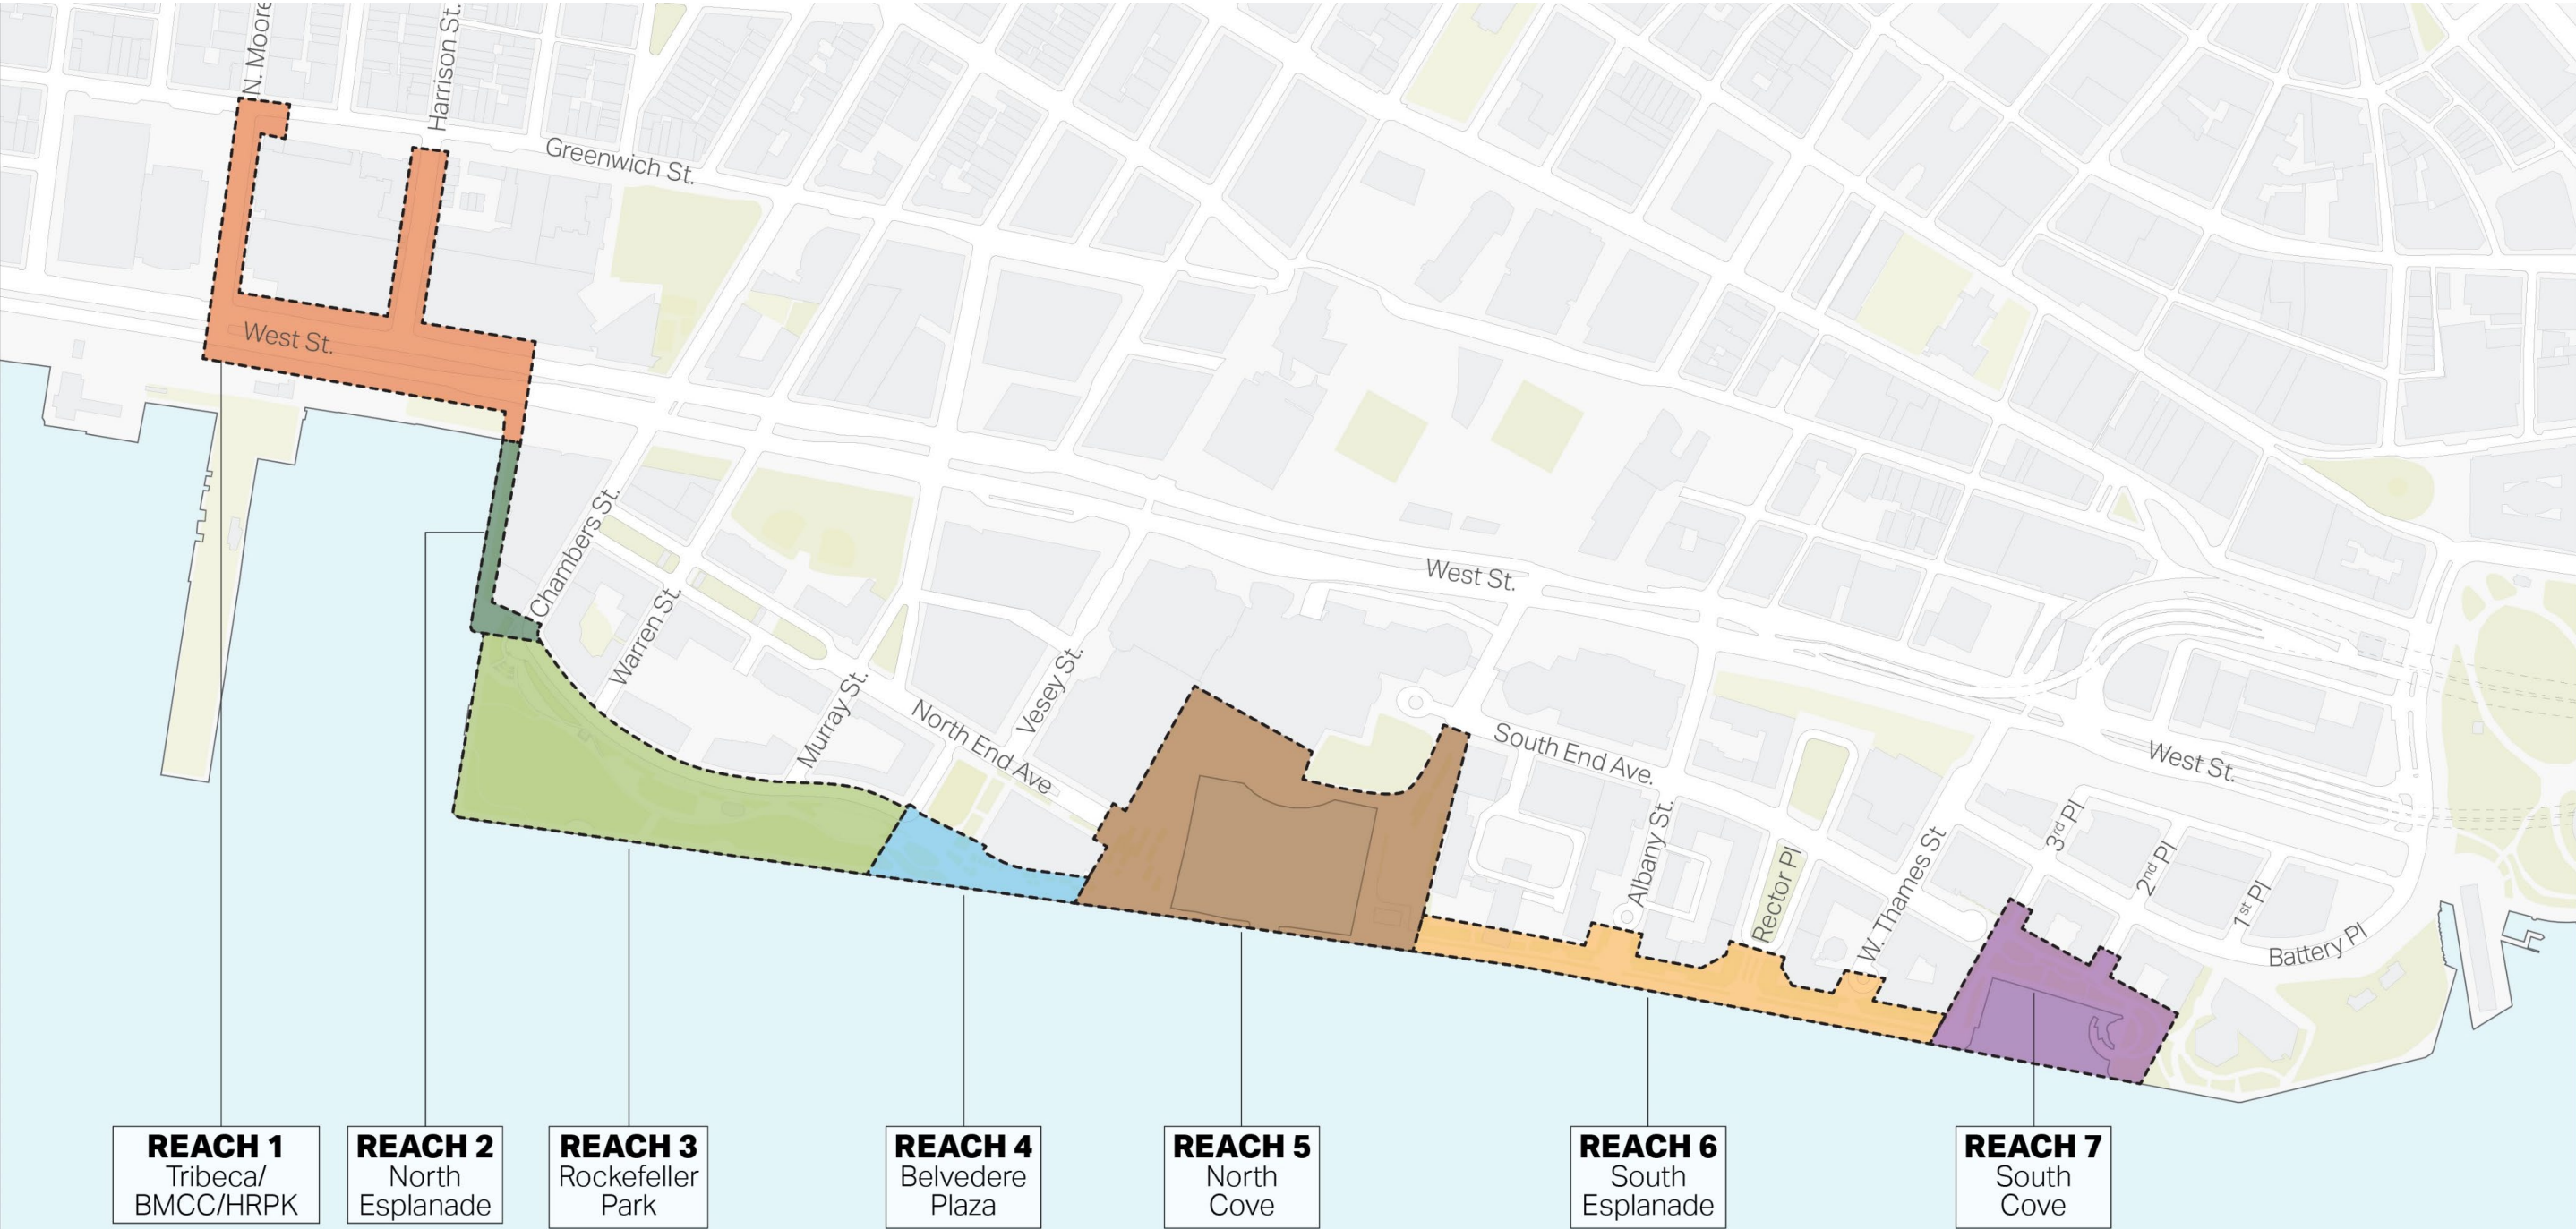

NEXT UP: BREAKOUT ROOMS!

- In a few minutes, the words **Join A Breakout Room** will pop up—click it, and you'll go into a breakout room—all breakout rooms will cover the same material.
- Project team members will be waiting for you. They'll facilitate three activities to collect input that will help shape the project definition.
- **Tonight's topics:**
 - Activity 1—*Current Uses*
 - Activity 2—*Shared Priorities*
 - Activity 3—*New Opportunities*
- We'll come back together in 45 minutes to share what we heard.

Let's get started—have a fun, productive conversation!

REPORTING OUT

NEXT STEPS

- **Site Investigations:**
 - Geotechnical and Environment Site Investigations expected to be completed by mid-January
- **Procurement Milestones:**
 - Request for Proposals from shortlisted proposals expected to be issued in January 2022
- **Environmental Review:**
 - Draft Scoping Document
- **Community Engagement:**
 - Public Scoping Meeting scheduled for Winter 2022

WE WANT TO HEAR FROM YOU!

Claudia Filomena

Director of Capital Projects
