

South Battery Park City Resiliency Project: Upcoming Two-Week Construction Notification

Project Area: Wagner Park, The Battery
Date: October 25, 2024

The following work, from 7 AM to 6 PM unless otherwise noted, is anticipated through **Friday, November 8, 2024**, but may be subject to change due to scheduling or weather:

- [Con Edison-directed gas main relocation](#) at Battery Place and First Place continues, occupying 40 feet of the roadway. Flaggers are on-site and traffic will be maintained in each direction during work hours.
- On-site work to install a tide gate chamber on First Place and the Hudson River will begin the week of October 28. This work will also include mobilization of dewatering equipment. Once in operation, equipment will be running continuously with no significant noise impacts. Operation will be supervised at all times.
- On-site work to install a tide gate chamber for interior drainage at the western terminus of Rector Place continues, with establishment of a staging area on the northside of Rector Place.
- Electrical utility installation in the Battery
- Superstructure construction and utility work for the new Pavilion Building in Wagner Park
- Installation of site utilities, concrete structures, and pavements in Wagner Park
- Installation of floodwalls around MJH, First Place, and in Wagner Park
- Construction staging in approximately 80 feet of the parking lane on Battery Place
- Material deliveries will continue, with increased truck traffic south of First Place on Battery Place
 - ✓ Flaggers are on-site to direct trucks for public safety and traffic control.
 - ✓ Pedestrian / vehicular access along Battery Place & surrounding streets will be maintained at all times.
